REPRESENTATIVE ARCHITECTURAL PROJECTS

Mr. Papademetropoulos' expertise as a consultant is based on the numerous projects he completed as **architect** or **construction manager** in the Greater Los Angeles area since 1985. Completed projects include:

Residential

- The Wilshire Tivoli, a 6-story, 18-unit steel-frame luxury condominium building that was published in the Architectural Record magazine in June 1988 (new construction): Architect of Record and Construction Manager.
- Louise Avenue condominiums, Mar Vista (new construction): Architect of Record. Current project.
- The Mooring HOA, Hermosa Beach, a 75-townhome condominium project. Construction Manager during a \$1,800,000 renovation that included extensive repairs due to earthquake, water and termite damage. Also acted as consultant to the HOA during defective siding litigation. Repairs completed in 2005.
- Milano HOA, Laguna Niguel, 50-unit townhome project: Investigated construction defects on behalf of the HOA; prepared remedial plans. Repairs completed in 2006.
- Conversion of existing apartment buildings into condominiums in the cities of Los Angeles, Beverly Hills and Costa Mesa: acted as consultant to the developers or the HOA. Conversions completed in 2002-2006.
- Two 30-unit apartment buildings in Los Angeles County for Axon Development that included density bonus for low and moderate-income units (1998-2008).
- New construction: numerous custom residences in Beverly Hills, Bel Air, Hancock Park, Playa Del Rey, San Marino, Hidden Hills, Santa Barbara and Santa Monica, ranging from 4,000 -15,000 s.f.
- Duplexes in Manhattan Beach, Venice & West Los Angeles.
- Fire restoration plans for single-family homes, duplexes and condominium developments in Los Angeles & Burbank
-

Commercial:

- Tenant improvements for medical & general offices totaling 150,000 SF (Los Angeles, Newport Beach).
- Space planning for gaming software company (Newport Beach).
- Tenant improvements for restaurants in Santa Monica & Upland.
- Earthquake retrofitting for masonry and wood-frame buildings.
- Rehabilitation and building code upgrades to residential buildings in Los Feliz and Manhattan Beach.
- Fire restoration plans for commercial property in Burbank.
- Feasibility study & code analysis for proposed hotel in Beverly Hills
